UCSD – Department of Pathology
Pathology Research Lecture Series
Fall 2016
Mondays, 4:00 p.m. – 5:00 p.m.
Leichtag Biomedical Research Building – 1st Floor, Room #107

September 12
David Cheresh, PhD
UCSD – Department of Pathology
“Targeting KRAS Addiction, Cancer Stemness and Drug Resistance in Epithelial Tumors”

September 19
John Kim Choi, MD, PhD
St. Jude Children’s Research Hospital
“Regulation of B cell Proliferation by E2A/TCF3”

September 26
Victoria Stepanova, PhD
University of Pennsylvania Medical School
“Novel Functions of Urokinase-type Plasminogen Activator (uPA) In the Nucleus”

October 3
Reuben Shaw, PhD
The Salk Institute
“The AMPK Pathway: Metabolic Rewiring Under Stress & Therapeutic Implications”

October 10
Donna Hansel, MD, PhD
UCSD – Department of Pathology
“Emerging Concept in Bladder Cancer Classification and Progression”

October 17
David Natale, PhD
UCSD – Department of Reproductive Medicine
“Investigating Mechanisms Underlying Placenta Insufficiency In the Mouse”

October 24
Terry Hwa, PhD
UCSD – Department of Physics
“A Top-down Approach Towards Predictive Biology”

October 31
Nathan Lewis, PhD
UCSD – Department of Pediatrics
“Optimizing Sample Balance and Minimizing Bias in Large Scale Transcriptomic and Systems Biology Studies”

November 7
Dihu Yu, MD, PhD
MD Anderson Cancer Center
“Tackling Imposing Challenges in “Cancer Moonshot”

November 14
Pascal Gagneux, PhD
UCSD – Department of Pathology
“The Glycocalyx: Integration of Ecology and Past Evolution”

November 28
Kung-Liang Guan, PhD
UCSD – Department of Pharmacology
“The Hippo Pathway in Cell Growth, Tissue Homeostasis, and Cancer”

December 5
Karsten Zengler, PhD
UCSD – Department of Pediatrics
“Elucidating the Role of the Microbiome in Human Disease”

The University of California, San Diego School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of California, San Diego School of Medicine designates this educational activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity. OBJECTIVES: Examine current research development and integrate informed clinical decisions based on research outcomes. Implement basic sciences and clinical science simultaneously in medical education programs. Discuss responsible and balanced debate on conventional and controversial research influencing the field of health sciences. Evaluate and examine total human condition through basic and clinical science research studies.
